

# Learning Center Photo Release Form

This release form is intended for all children enrolled in The Learning Center for use of any photos taken during the hours of program operation. We often take photos at events, daily activities, or special occasions and will use them to show future families and the church congregation about the program. Children will not be identified by name in any photograph.

I, \_\_\_\_\_, give my permission for The Learning Center to use my child's photo for use on the St. James website, Learning Center Facebook page, Learning Center pamphlets, and for slideshows at St. James events.
